

Session ID	Additional Comments	What subjects would you like to see addressed in future CSCs?
S11	None	Alternate level three Illijls
S11	Very helpful examples	
S11	Microphones too spread out. Trey Moye had great energy. Content examples helpful	
S11	Great session!	
S11	Very good expertise, right on point with what I see in my own work	Would like to see a similar one geared more to what subcontractors deal with
S11	Excellent panel, well done	General note, need bigger font on panel name place cards
S11	Alternative proposed language would have been greatly beneficial	
S11	All speakers but moderator very hard to hear spoke too far from mic. Raie the projector screen! We just could not see it. Too low. Or project on the wall behind speakers and expand since the slides were key to the discussion	Just better food! The food has been awful. Too minimal appetizers Monday night and meager amount quickly ran out and yucky tasing. Tuesday snacks meager, sad odd kale no flavor, food gone quickly, unhealthy options. Breakfast should have had veggie croissant option. Conference very expensive and food and snacks in SF for 28 years far superior. Conference has lost value no decent tote bag or backpack as in past years

Session ID	Additional Comments	What subjects would you like to see addressed in future CSCs?
S11	Great examples of problematic contracts. Classes and discussions of cover	
S11	Very well organized, highly effective
