Question: Additional Comments

Additional Comments:

GREAT LOOK AT HOW OUR CLIENTS  
MANAGE THEIR ETHICAL CHALLENGES  
SO THAT WE (OUTSIDE COUNSEL) CAN BE  
SENSITIVE AND RESPONSIVE TO THOSE CHALLENGES

Additional Comments:

IF the panel can get into more specifics, that would  
be helpful.

Additional Comments:

Excellent!!

Additional Comments:

Panel dominated by a handful of in-house  
counsel; more input from outside counsel, or  
remove outside from panel—too many people

Additional Comments:

Too much focus on joint ventures. Short changed ethical issues of  
in-house counsel for smaller companies. Joint venture ethical  
issues could easily be the subject of its own session.

Additional Comments:

I would recommend coffee stations outside the breakout rooms. It was taken away from the keynote/breakfast too quickly. Thank you.
