Question: Additional Comments

Additional Comments: I'd like to see this presentation next year, but scratch the first 15 minutes and eliminate the basics. The audience is ~~still~~ experienced. The topic of social media had a greater role advertising the program. Karen Hisko's topic was interesting!

Additional Comments:

PORTION AT THE END W/ THE JURY WAS A BIT RAMBLING.
COULD BE MORE FOCUSED RE SPECIFIC POINTS.

Additional Comments:

Very informative.
Appreciate high energy speakers

Additional Comments:

Probably needed some more time
