Question: Additional Comments

Additional Comments:

Two panelists w/ presumably great experience had very little participation. Mostly a straight lecture on basics of FIDIC forms.

Additional Comments:

Some owner input would improve the presentation

Additional Comments:

Hard to hear one of the speakers.  
Loud distracting external noise  
Too much reading by the moderator

What subjects would you like to see addressed in future Construction SuperConferences?

D/B disputes between D and R and ultimately, the Owner.
