Question: Additional Comments

Additional Comments:

Very interesting ideas - Good Use  
of TIME at OUTSET of  
CONFERENCE.

Additional Comments:

SOME INTERESTING EXPOSITION ON TRENDS, BUT PERHAPS DID NOT  
"CONNECT THE DOTS" ENOUGH. I WOULD HAVE LIKED EVEN  
GREATER INSIGHTS TO THE FUTURE

Additional Comments:

Great presentation

Additional Comments:

- great speaker
- not closely tied to the construction industry in a direct way.

Additional Comments:

TOO ESOTERIC for CONSTRUCTION.

Comments for Session: K01

Additional Comments

Additional Comments:

too hot in the conference room

Additional Comments:

Excellent, Very Entertaining

Additional Comments:

Great speaker presence but substance was rather superficial and not construction related. Would have been an interesting break out but not a key note for the construction Super Confer-

Additional Comments:

Good summary of various things I have heard elsewhere, good. The comments on Saudi Arabia were interesting.

Additional Comments:

Amazing! what a perspective

Comments for Session: K01

Additional Comments

Additional Comments:

EXCELLENT JOB!

Additional Comments:

EXCELLENT!

Additional Comments:

Best speaker at Superconference  
is the past 5 years!

Additional Comments:

TIME AVAILABLE FOR ADDITIONAL Q/A

Additional Comments:

Great global perspective. Why no mention of climate change  
impacts on global issues? Has climate change become so  
political ~~now~~ we can't talk about it?
