ABOUT US

The Construction SuperConference, now in its 35th year, is recognized as the preeminent construction conference developed for mid-to senior-level professionals who work in any of the legal and commercial construction markets. Impactful panel discussions and compelling workshops are led from top legal and consulting firms, along with leaders of construction companies bringing the forefront of challenging issues and new insights into the legal, business, and economic challenges that are apparent in today's construction industry.

Participants will walk away with invaluable information, new connections, and resources to assist them in meeting today's challenges. The construction conference will showcase many notable and expert in-house and outside construction counselors and consultants who will take up the many challenges of advising construction industry participants in a challenging economy. The program design of the conference allows ample opportunity to meet and network with representatives from the leading construction firms and the industry's top construction attorneys.

There are over 25 sponsoring companies showcasing the latest products and services directly to you.
