A construction site at sunset. In the foreground, the silhouettes of several construction workers are visible against the bright orange and yellow sky. They are working on a structure with many vertical rebar rods protruding. To the left, a large tower crane is silhouetted against the sky. On the right, there is a tall, complex metal structure, possibly a tower or part of a building's framework. The background shows a clear sunset sky with a gradient from orange to a darker blue at the top. Overlaid on the image is a semi-transparent image of a person in a white suit and red tie, with their hands clasped in front of them.
